

MAKE A Model Tipi

Want to make a tipi of your own?
Get started with things you have in your house.

THINGS YOU'LL NEED

- Scotch Tape
- Construction Paper
- Pipe Cleaners or Sticks
- Scissors

INSTRUCTIONS

STEP 1: Decorate your tipi! Draw your family, favorite animals, or a cool pattern.

STEP 2: Roll construction paper into a cone. Make it stick together by joining them with tape.

STEP 3: Twist pipe cleaners together near the top and thread through the hole of your tipi.

STEP 4: Cut a triangle hole in the tipi for a door.

STEP 5: Congrats, you've built a mini tipi! Make more to create a village.

KID TIP: Glue multiple pieces of paper together to make a giant tipi.
